## Trustees Trim Village Budget for Fiscal Year

Local Government to Cost a Total of \$19,430 in 1940

It will cost the village of Antioch an estimated \$19,430.00 to conduct the business of municipal government during the present fiscal year ending next April 30, according to the annual budget approved by the village commissioners last night. The annual appropriation ordinance is published in the News today.

While the general fund for this year's anticipated expenditures was given a \$1,500 boost from \$3,350.00 for 1939 to \$4,900.00 for the current year, the increase in this department is more than offset by trimming the budget in some of the other departments. The total appropriations for this year are \$250.00 less than last year's budget which was set at \$19,680.00.

Besides the general fund, other departments receiving increased appropriations for the year were: Fire department, \$2150, which is \$250 over the 1939 budget; lighting, increased to \$1,900.00, \$200 over the 1939 figure; while decreases were shown as follows: sewer and water, \$850.00; streets and alleys, \$1,100.00; and contingent fund was \$300.00 less than last year. The police department and bond and interest funds were set the same as last year, at \$1,350.00 for police and \$1,400.00 for payment of bonds and interest.

## Illinois U. to Confer Degrees on Twenty-five Lake Co. Grads

Annual Commencement to Be Held in Huff Gym Monday Morning

Urbana-Champaign, Ill., June 6.—Students from Lake county will be among the approximate 2,600 candidates for degrees at the sixty-ninth annual Commencement of the University of Illinois on Monday morning, June 10. The traditional exercises will be held in the George Huff gymnasium.

Dr. Herman James, president of Ohio University, Illinois alumnus and son of Dr. Edmund James James who served as president of the University of Illinois from 1904 to 1920, will be the speaker. Baccalaureate services will be at 4 p. m. the previous day. The Rt. Rev. Robert Nelson Spencer of Kansas City, Mo., Episcopal bishop of West Missouri, will speak.

Among the 25 from Lake county who are to receive degrees are: Margaret L. Hughes, Antioch, A. B.; Liberal Arts and Sciences; Erlene E. Barron, Grayslake, B. S. Home Economics; Lettraine M. Hooper, Lake Villa, B. S. Education; Glen D. Strang, Lake Villa, B. S. Education; Adolph J. Mauser, Zion, B. S. Agriculture;

## WARNS LEGION POSTS AGAINST "5th COLUMN"

L. N. Bittinger, Commander of the Illinois Department of the American Legion, today issued a warning to the 800 posts of the American Legion in Illinois to destroy anti-American propaganda which has been forwarded to the posts.

Much fifth column propaganda is being sent by some individuals to American Legion officers. We instruct that all material received by them be destroyed," Bittinger advised Clarence J. White, Commander of the Antioch post of the American Legion.

## New Barr Furniture Mart Has "Open House"

"Open House" for his friends from Antioch and surrounding territory has been announced by Harry Barr at his new Barr Furniture Mart in Kenosha for Thursday, Friday and Saturday.

Visitors will be given an opportunity to inspect the Mart's 25,000 square feet of exhibition space, its interesting examples of the newest methods for furniture and floor covering displays, and its carefully arranged "model rooms."

The Mart is located at 5319 Sheridan road, a block north of the county courthouse. The Barr store was formerly at 5703 Sixth avenue (Main street). Harry Barr, proprietor, has been in the furniture business in Kenosha since 1921.

## LEGION ISSUES 548 SCHOOL AWARDS

A total of 548 school medals were awarded in Illinois public schools by Posts of the American Legion during the first four months of 1940 according to a report received today by Clarence J. White, Commander of the Antioch post of the American Legion from William Hanley, chairman, medal awards committee, Jerscerville, Ill.

"A total of 1,269 awards were issued for the year 1939 and we hope that the total will reach 1,400 for the current year," reported Hanley.

American Legion School awards are given to youngsters for proficiency in citizenship and leadership. Many of the 800 Legion posts in the Illinois Department are sponsoring school award contests.

Antioch school children receiving the awards were Sammy Klass and Kathleen Fields.

## Charles A. Andersons are Recovering from Accident Injuries

### He Suffers Skull Fracture, She Broken Arm, Ribs, When Bee Gets in Car

Mr. and Mrs. C. A. Anderson of Highway 59 at Petite lake are recovering from injuries received in an automobile accident Monday evening at 5:30 p. m. d. s. t., when their car side-swiped a concrete culvert on the Wilmot road. Anderson is believed to have lost control of the car temporarily when a bumblebee flew in through one of the windows and he attempted to brush it away.

Anderson sustained a skull fracture and severe bodily bruises. He was in a dazed condition from the time of the accident until Tuesday noon, when he recovered consciousness. He is at Victory Memorial hospital.

Mrs. Anderson's right arm is broken at the elbow. She has five broken ribs and one leg is badly bruised. She is under the care of a nurse at the home of her son and daughter-in-law, Mr. and Mrs. Elroy Anderson.

The Andersons had been visiting at the Paul Holmes home at Wilmot, and had just left to return to their grocery store and tavern when the accident occurred.

Kenosha county sheriff's deputies who were traveling on the road a short distance behind them said that they saw the Anderson car, which was moving at a moderate rate of speed, waver slightly from the roadway, and apparently start to pull back on the road when it struck the culvert and the left side of the car was caved in.

The deputies took Mrs. Anderson back to the Holmes place, and Anderson, who seemed dazed but at first did not appear to be badly hurt, insisted on being taken to his own home. There it was realized that he was more seriously injured than had been suspected, and he was rushed to the family physician, Dr. Stanley Anderson of Grayslake, to whom Mrs. Anderson had already been taken for treatment.

Members of the family took Anderson on from there to the hospital in Waukegan, while Mrs. Anderson was removed to her son's home.

Mr. and Mrs. Elroy Anderson are caring for the Andersons' place of business in their absence. Another son, Reginald, was called here from Chicago Monday evening and remained until Tuesday night, when it was believed Mr. Anderson was out of danger.

The left side of the Anderson car was caved in.

### Former Antioch Student Secures Federal Position

Homer White, who has just finished his junior year in the College of Agriculture at Illinois university, has secured a position with the Federal Milk Marketing administration of Chicago during the summer months.

His work will deal with special investigations being conducted by Dixon of the administrator's office. He started work on June 1 and will be stationed in Watertown, Wis., during June and July.

White is graduate of the class of 1936 at Antioch High school, where he has taken courses in vocational agriculture. Last summer he was employed as assistant county 4-H leader in Lake county.

### To Give Red Cross Course at Lake Villa

A Red Cross course in life saving will be given at Sherwood camp, Lake Villa, from June 10-14. Mrs. William Marks, chairman of Red Cross work in western Lake county, announces.

"Anyone interested in this work is welcome to attend," she states.

The first lesson will be given June 10 at 3:30 p. m.

## Miss Smith Honored at Graduation

### Teacher Retiring from H. S. Staff After 21 Years Presented Plaque

Miss Alice Smith, Latin and ancient history teacher who is retiring from the staff of Antioch Township High school after serving on it for 21 years, was honored at the school's twenty-fifth annual commencement Monday evening.

A bouquet of flowers and a plaque bearing an inscription of appreciation were presented to her by Dorr Cremin, on behalf of the school.

The exercises of which the tribute was a highlight were held in the school.

Fifty-two graduates received their certificates at the exercises, held in the gymnasium, which was filled to capacity.

### Speaker Unable to Attend

Clark Kuebler of Northwestern university, who was to have been a speaker, was unable to attend.

The program included presentation of the Class of 1940 by Principal J. O. Austin; conferring of the diplomas, by Arthur Maplethorpe, president of the school board; the invocation by the Rev. F. M. Flaherty; music by the high school band; the solo, "Fiamlandia," sung by LeRoy Maleck; the son, "Land Sighting," (Greig) by the high school chorus, with Robert Hawkins as soloist, and the benediction by the Rev. W. C. Hensle.

William Cisna, member of the graduating class, assisted Maplethorpe in presenting the diplomas.

Graduation services were held Sunday evening in the high school auditorium, with the Rev. J. E. Charles as the speaker.

Lucille Waters was the graduating student with the highest average.

Second highest was Marjorie Doolittle. Others in the upper fourth of the graduating class included Lois Bonner, Raymond Campbell, William Cisna, Hazel Dowell, Betty Hanke, Helene Henry, Dorothy Jacobsen, Gordon Knott, LeRoy Maleck, Louise Mueller and Mildred Van Patten.

Kuebler was unable to arrive in time for the exercises when he was delayed by trouble with his car as he was returning from attending a funeral. He had hoped to reach Antioch before the exercises were over, but did not arrive until 10:15, fifteen minutes after the program was over.

### Baseball Injuries

### Fatal to Former Wilmot Athlete

### Lyle Neumann Dies After Being Struck by Pitched Ball Thursday

Lyle Neumann (Ike), former Wilmot high school star athlete and a son of Mr. and Mrs. Gustave Neumann, Wilmot, died at 8:25 Saturday morning of head injuries sustained in a Memorial day baseball game.

Neumann, who with his bride of less than a year lived in Silver Lake village, was struck on the head by a pitched ball as he started as the first batter for the Wilmot nine as they played the Pleasant Prairie team Thursday afternoon in a game of the Racine, Kenosha and Wilmot league.

When the ball, pitched by the Pleasant Prairie hurler, Chet Wedelstadt, struck him on the left side of the head, Neumann fell to the ground unconscious. When he failed to respond to first aid treatment, the injured young man was taken to the Kenosha hospital.

Examination disclosed a fractured skull and a brain hemorrhage. Physicians in charge resorted to spinal tappings to relieve cerebral pressure.

An operation, performed by a Chicago specialist late Friday, relieved bone pressure, but tissue had been destroyed to such an extent that the attending physicians gave up all hope of saving Neumann's life.

All efforts to save Neumann's life failed Saturday evening. He was widely known throughout the county for his athletic prowess and for his many activities in younger circles. He was born in Burlington on December 1, 1916, the son of Mr. and Mrs. Gustave Neumann. Early in life he moved to Kenosha county with his parents and attended the Bassett's Grade school. He graduated from the Union Free High school, Wilmot, in 1933, and attended the University of Wisconsin for a year and a half.

Throughout his high school career, he figured prominently in athletics, playing on the school basketball and football teams. At the university he played on the freshman baseball team and won his numbers. On leaving the university he played on the Kenosha College of Commerce for one year.

For the past three years, Ike was employed as bookkeeper for the Wilmot Lumber Co. of Silver Lake village.

On August 9, 1939, Neumann was united in marriage to Mrs. Evelyn Zarnstorff, daughter of Mr. and Mrs. Frank Zarnstorff of Richmond, Ill. Since his marriage, Ike and his bride had resided in Silver Lake.

He is survived by his widow, his parents and two sisters, Virginia and Doris, both at home in Wilmot. The body was taken to the Schlueter funeral home at Burlington and was taken to the home of his parents in Wilmot Monday morning.

Funeral services were held at the Peace Lutheran church, Wilmot, with the Rev. R. P. Otto officiating at two o'clock on Tuesday. The body was brought to the church at 12 o'clock to lie in state until the time of the service. Interment was made in the family plot at the Wilmot cemetery.

### Hold Low Scores in Holy Name Golf Event

James Harvey was winner of low score with a 76 and Irving Walsh was a close contender in the blind bogey at the golf tournament held by the Holy Name Society of St. Peter's parish Monday afternoon at Chain O' Lakes Country club.

A Red Cross course in life saving will be given at Sherwood camp, Lake Villa, from June 10-14. Mrs. William Marks, chairman of Red Cross work in western Lake county, announces.

"Anyone interested in this work is welcome to attend," she states.

The first lesson will be given June 10 at 3:30 p. m.

## Memorial Day Observances Well Attended

### "Hold Fast to American Principles," Says Noel White, Speaker

One of the largest crowds ever to attend a Memorial day observance in Antioch was present last Thursday afternoon for the parade and service held under the auspices of local patriotic groups.

Noel White of Fox Lake, district service officer of the American Legion, was the speaker, stressing the importance of maintaining American ideals and American liberty.

"There is nothing that could ever take the place of our liberty," he said, in part.

"It is true that during depression times people have sometimes let their good judgment be laid aside and have become involved with groups interested in the overthrow of those privileges and ideals that have always been dear to the American people. It is also true that we have as a nation been tolerant of groups whose aims we have felt might not always have been for the better interests of the people.

"It is only fair, however, that those who benefit by the privileges of this country should do their utmost to see that its principles are maintained in the future as well as they were in the past. We should be on our guard against anything that will ever take away our liberty."

White called attention to rumors that un-American organizations had been operating in Lake county, and scored the aims of such organizations.

**The Enemies Within the Gates**

Events in Europe have underlined and emphasized the urgent need for improving and expanding our national defenses, and making sure that the United States, its shores and its traditional ways of life, are rendered secure.

To do this effectively, our military experts are of course studying very closely the methods of the "total war" that has overtaken so many helpless countries abroad—the modern form of war that, as one observer has commented, is fought "with the morals of the cave and the weapons of an exquisite civilization."

You need to know the danger that faces your country before you can guard against it successfully.

But there is one further step. The manner in which Norway and Poland and Belgium have been brought to their knees was not exclusively based upon military power. Before a blow was struck, security was undermined from within. The advice of Goethe—"Divide and command"—was heeded with telling and destructive effect. The "fifth column" of traitors and imported agents did their destructive work before war even began.

The danger that these tactics will be repeated here also faces our own land. It is not enough to have military preparedness; we must also establish internal unity, internal security.

To achieve this aim, certain principles need to be kept in mind:

1. We must guard—not in a mood of hysteria, but through sound common sense—against the misguided groups and individuals in our own country who do not believe in private enterprise, and would sacrifice it for some other way of life. It is they who, by word or deed, would fill the role of "fifth columnists" in America if the opportunity were ever offered.

2. We must not let the erroneous thinking of a

second group to muddle our thoughts on preparedness. This group does not recognize the inseparability of our various freedoms—freedom of speech, a government of representative democracy, and a business system of private enterprise—and its failure to appreciate this important truth is likely to be actually as dangerous as the attitude of the deliberate enemies of our way of life.

3. We need, at a time when industrial efficiency is so vital to national defense, to guard against attempts to cripple and hobble our manufacturing enterprises. The LaFollette bill recently introduced in Congress, a piece of legislation that would prevent manufacturers from guarding effectively against sabotage and subversive activities within America's plants, is a dangerous example of this type.

With these principles in mind, and with the courageous maintenance of national unity and individual patriotism, America can guard against the "enemies within the gates." Without this stand, America invites disaster!

**Spaghetti Conscious**

Many of the men and women who work for the Federal government are engaged in the well-known work that is commonly called "publicity." No one could possibly quarrel with the necessity for disseminating useful information concerning the activities of government, and a lot of that is included. But, on the other hand, ridiculous examples are forever coming to light, examples in which the taxpayers' money is needlessly wasted.

One such example bobbed up to the surface recently in a report by the Federal Trade Commission. The gist of its pronouncement is as follows: "The Federal Trade Commission has ruled that the length of macaroni or spaghetti is in no way indicative of its quality.

"The Commission finds that . . . genuine macaroni and spaghetti are made in both long and short lengths, and that macaroni and spaghetti, of the finest quality, are in some instances first made in long lengths and thereafter cut into short lengths. . . ."

This, as one Congressman comments, is "epical as well as epochal." How comforting—how very comforting—it is to all of us to know that our government is always on its toes, watching out for those perfidious individuals who would discriminate against spaghetti on the basis of its length!

## Wilmot Alumni Hold Reunion and Banquet

The Wilmot U. F. H. School alumni held their annual reunion with eighty present on Saturday evening at the school. Miss Ruth Bosselman and her Home Economics department served a delightful banquet at attractively decorated tables. Tall yellow tapers were used with place cards at the head of the table—elegant diplomas, when opened up, were song sheets.

At the election of officers, Stanley Stoxen, Bassett, was chosen president; Joseph Schlaix, vice president; secretary, Ethlyn Dean and treasurer, Ardye Lishka.

Principal M. M. Schmitt made the presentation of the Class of 1940 and the class president, Hardy Schmalfeldt, gave the class response. William Lieske, Milwaukee, former teacher and athletic coach, was toastmaster for the occasion. His ready wit and unending jokes kept the group amused.

Tommy Bower, Richmond's clever young entertainer, was very favorably received, a tuba solo by Don Luke, a reading by Anne Gilmore, baton twirling by Anna Mae Shottif and Margarita Wang and a waltz by Ardye and Keith Hegeman and community singing led by Bessie Barnes and Russell Ende were other entertainment features. Toasts were responded to by Roland Hegeman for the Class of 1910; Ted Stoxen, Class of 1920; Norman Jede, Class of 1930; Donald Vande Zee, Class of 1940. Impromptu speeches were given by Dick DeBell, Bob Van Liere, Dick Hansen, Ardye Lishka, "Diz" Freeman; Bunk Schulz; Veini Schmidfeldt, Howard Lovestead. A dance in the gymnasium with Smitty's orchestra followed.

## Mrs. Chase Is Elected Demi-Chapeau of Lake Co. Salon, 8 et 40

Mrs. Paul Chase of Antioch was elected demi-chapeau of Lake County Salon No. 191, Eight et Forty, at a meeting last evening in the home of Mrs. Howard C. Garnant, Waukegan. Mrs. Marcel Talcott of Waukegan succeeds Mrs. Ruth Hartman as chapeau. The other officers are Mrs. Earl Clark, Waukegan, as second demi-chapeau; Mrs. Garnant, as archivist; Miss Loretta Burke, Waukegan, co-archivist; Mrs. J. Clouse, Chicago, superintendent.

Delegates to the department convention will be Mmes. J. Harmon, Marcel Talcott, Noel White, George Nielsen, John Zimmerman, and the alternates, Mmes. Carson Neville, L. Clouse, William Jacobs, Howard Garnant, and Miss Loretta Burke.

After the business session, bridge was enjoyed by the members, with honors going to Mmes. William Ward, Marcel Talcott, William Whyte and William Phillips.

The next regular meeting will be held the first Wednesday in August at the home of Partner Chase at Antioch, with Mrs. John Zimmerman as co-hostess.

Assistant hostess last evening was Mrs. William Jacobs.

## GODELL-KAZLAUSKY MARRIAGE ANNOUNCED

Mrs. and Mrs. Glenn Godeell are announcing to their friends the marriage of their daughter, Miss Harriet Godeell, to William Kazlausky, son of Mrs. Josephine Kazlausky, Fox Lake. The ceremony took place in Dubuque, Iowa, June 2.

The young couple plan to make their home at Fox Lake.

The bride is a graduate of Antioch High school and the bridegroom was graduated from Grant Community High school.

You Are Cordially Invited to Attend the

Grand Opening  
of the  
BARR FURNITURE MART  
5319 SHERIDAN ROAD - KENOSHA  
Thursday Evening and through Friday and Saturday

Determined to give the people of Kenosha and the surrounding territory not only the finest furniture store in this part of the country, but also selections of furniture comparable with the largest cities, Harry Barr, owner of the Barr Furniture Mart, began laying plans months ago for the beautiful store which celebrates its Grand Opening tonight and through Friday and Saturday.

When you attend the Opening you will be greeted by exceptionally large display windows which show complete home outfits in both period and modern design. Going up a few steps from the street level you come upon one of the most beautiful displays of furniture you have ever seen. On opposite walls are the model rooms and in the center a vast display of living room furniture, chairs and odd pieces, and lamps. At the back is the rug and floor covering department.

### 11 Completely Furnished Model Rooms

No detail in harmonizing room arrangement has been forgotten in the furnishing of these rooms. Every piece was chosen with careful thought to its relationship to the entire ensemble and gives you an exceptional opportunity to see just how each piece will look in your own home. Living room, Dining room, Bed room and a most complete modern Kitchen are featured in 11 different settings.

### Private Free Parking Lots for Customers

Out of the crowded downtown district you'll find plenty of parking space in the free parking lots both north and south of the store.

### Compare the Values

When you attend the opening you are urged to examine the quality and exclusive styling of each piece—then compare the values. You'll hardly believe that such high quality furniture could be sold at such low prices. Price ranges will fit every budget—and every piece represents an exceptional value in fine furniture.

## Truth Will Banish Misunderstandings, Theme at Annual Meeting

BOSTON, Mass., June 3—An appeal for calm and more faith in the omnipotence of God in the face of present world turmoil, featured the gathering here today of thousands of Christian Scientists from all over the country for the annual meeting of The First Church of Christ, Scientist, in Boston, Massachusetts.

"Trusting in the omnipotence of God," said Harry C. Browne, First Reader of The Mother Church in reading a message from The Christian Science Board of Directors, "enables one, through demonstration, to enjoy the freedom of thought resulting from the unfolding of the characteristics of divine Mind as expressed by Christ Jesus."

"Becoming cognizant of the true idea about anything, exposes its supplemental opposite as a lie. Therefore, when the true idea of a man's relationship to God is universally expressed, misunderstandings between men and nations will vanish."

"The divine Mind is in reality the only power; therefore nothing can resist the manifestation of righteousness. With due regard for the necessary human footprints, which our Leader, Mary Baker Eddy, says is indispensable in meeting problems, it is also imperative to look to the divine Mind for guidance and wisdom to supply the impetus to do all things in a right way and at the right time."

## Church Officers

Mrs. Margaret Murine Glenn Matters, C. S. B., of New York, daughter of the late Major General Edwin F. Glenn, of the United States Army, was elected President of The Mother Church to succeed George Shaw Cook, C. S. B., of Brookline, Mass. Edward L. Ripley of Brookline and Ezra W. Palmer of Marshfield were re-elected Treasurer and Clerk, respectively. The chief duty of the President is to serve as presiding officer at the Annual Meeting.

Mrs. Matters spent her childhood in various army posts in the United States, Alaska, the Philippines, China, and Japan. She studied music in Boston where she became interested in Christian Science, joined The Mother Church and three years later, Second Church in New York. She then went abroad to continue her study of music, and while there decided to give up her musical career to devote full time to Christian Science practice.

## Unity Divine Might

Commenting on the turbulent international situation, the incoming President said that "Christian Science reveals the power of individual man to

meet and overcome the hordes of mesmeric suggestions and subtle influences claiming to induce discouragement and apathy. It enables the Christian Scientist to overcome the belief that war can be of permanent advantage or that it is to be feared. It destroys the desire for an unrighteous, unjust, and enslaving peace; and it sets right that wrong sense of values which would prefer this so-called peace to that active warfare between the flesh and Spirit which The Mother Church typifies, and which ultimately in the victory of spirituality and Love."

In a parallel vein, George Shaw Cook, the retiring President, pointed out that "the effort of one individual to dominate others, or to exploit them, by means of force, coercion, dishonesty, or deception, may appear temporarily to succeed, but it cannot permanently prosper for the simple reason that evil has no divine Principle. Its nature is self-destructive."

## St. Peter's to Hold Children's Picnic Wed.

About 90 youngsters are expected to attend the annual children's picnic of St. Peter's parish all day Wednesday in Fox River grove.

Those who are going will meet at the church at 9:30 a. m. and will leave by bus or private cars for the picnic grounds.

Games and other types of picnic entertainment will be enjoyed and a basket luncheon will be served at noon under the charge of the Altar and Rosary society.

## Mayor Bartlett Breaks Record, Misses Meeting; First Time in 17 Years

For the first time in 17 years, Village President George B. Bartlett missed a meeting of the Antioch village council when an attack of "stomach flu" kept him confined to his home Tuesday evening.

Clete Vos presided in his place as temporary chairman.

This is the second "record" that has been broken by the Antioch village council this year. Recently a meeting had to be postponed for lack of a quorum—for the first time in 21 years.

Wrestling Match  
Will Open Peg's Arena Friday Eve.

Lake county sport fans, more than 1,500 strong, are expected to keep the turnstiles clicking merrily at Peg's Grayslake Open-Air arena tomorrow night (Friday), when they come out for their first wrestling dish of the 1940 summer season, and incidentally, their first glimpse of the present king of all heavyweight wrestlers, the mighty Bronko Nagurski.

The bucking Bronko, all-time All-American football fullback, who rose to equal fame in his swift ascent to the world's mat throne a year ago, will battle Juan Humberto, powerful heavyweight champion of Mexico, who has come up from "south of the border" for a shot at the world's title.

But Bronko Nagurski's match will not be the only feature on the stellar attraction of four all-star bouts. In the semi-windup Jim McMillen, still rated among the top 10 heavyweights in the sport, will take on the biggest and perhaps strongest wrestler in the world, Big Chief Oslo Sanooko. Putting it mildly, the Chief is tremendous. Standing 6 feet 5 inches tall and weighing in at 338 pounds, he is considered one of the most dangerous men in the game because of his vicious, ruthless tactics in the ring. McMillen should be able to give him a real argument.

Two special attractions round out the initial card. In one Gorilla Grubmeyer, still stinging from his "fluke" loss to McMillen, will step into the ring to face Fred "Legs" Grubmeyer, the greatest body scissors expert in wrestling today. "Legs" will have a difficult time of it trying to match Grubmeyer's bar-room-brawl style with scientific wrestling, but many local fans who remember Fred are saying he will make the Gorilla say uncle. The other match pits Al "Whitey" Williams against Cecil McGill, a newcomer here from Canada. Popular prices will prevail.

## Chicago Man Drowns When Boat Overturns

Joseph Jalowski, 42, of Chicago, was drowned Sunday morning when he attempted to change seats in the rowboat from which he and three companions were fishing in the Fox river channel north of Grass lake.

The accident occurred about 9:30 a. m. His body was recovered two hours later by members of the Kenosha and Antioch rescue squads.

Jalowski's three companions, Orville L. Creech, George Duerwether and William Zint, all of Chicago, were thrown into the water as the boat, which was equipped with an outboard motor and was moving north at the time, overturned. The three managed to swim to shore, but Jalowski went down before rescuers could reach him.

## Powerful Attack by Nazi Army Pushes Allies Out of Belgium; U. S. Defense Board Is Selected

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

Released by Western Newspaper Union.

## THE WAR:

## Flanders Flight

When King Leopold III ordered his 300,000 Belgian troops to lay down their arms in their battle against the military might of Adolf Hitler, worried French and British leaders saw that the forces they had rushed into Belgium following the German invasion were doomed. For on the fields of Flanders their armies were exposed to a great encircling movement by the Nazis and were in great danger of being cut off from the main body of the troops in central France.

Without waiting Adolf Hitler began to close the jaws of his gigantic trap of death. Attacking with great ferocity the German machine moved toward the retreating allies. Without loss of impetus military objective after objective was gained in a tremendous show of force.

In the sky, dive bombers swooped toward the earth, cutting off supply details, disrupting communications, destroying immense stores of war goods but failing to seriously daunt allied morale and courage.

Their lines in formation, the British and French retreated steadily toward the English channel. For they were outnumbered and the country they had come to protect from invasion had been ordered by its king to cease fighting. Their best chance

for escape was across the Strait of Dover to England or down the sea-coast to rejoin the main portion of their troops along the Somme and Aisne rivers in France.

While from Berlin came word of the great victory being won, from the first soldiers to reach English soil in their retreat across the channel, came reports that important losses were being effected upon the Germans as they advanced. But even these sources admitted that great stocks of war booty was falling into Nazi hands. Supplies of gasoline and munitions which any army needs were being obtained by the Germans.

## Next

Next, with Belgium and much of the vital industrial portion of northern France safely tucked away, Adolf Hitler had a choice to make. He could launch his long-threatened air attack on the British Isles or he could strike out for Paris.

Feeling against France has been running high in Berlin, judging from current reports. Usually it has been the British that have been the subject to press attack by the Nazi propaganda machine, but now France is getting its share of verbal abuse. Some observers thought these attacks were a faint intended to tell the British into believing they were to be left alone and then when the "hour" arrived it would be a sur-

Motion-picture actor Walter Connolly, outstanding character actor, died at his Hollywood home.

"Who's Who in America," with more "names in the news" than ever before has been released for 1940-41. Sketches in the book relate to accomplishments of the nation's most famous names. There are 31,752 sketches in the new version of "Who's Who." Oldest member included is Brig.-Gen. William Henry Bisbee, retired, who is 100. He is a Civil war veteran. Youngest name included is that of Shirley Temple, also retired—at the age of 11. Longest sketch is that of Columbia University's president, Nicholas Murray Butler.

prise blitzkrieg for Johnny Ball. But England has taken strong defense measures of late to be ready for the worst and she has promised a warm reception for any invader.

France's interior seemed a bit stronger too, for as the Germans moved against the trapped Flanders army in the north the line of defense across the nation's central axis was decidedly bolstered.

## U. S. DEFENSE:

## Progress

President Roosevelt's fourteenth fireside chat began a series of events in the new national defense program that was marked by increasing attention to the details of getting Uncle Sam's house in order—"come what may."

Influenced chiefly by the progress of the German army in its drive toward Paris and London, Americans of both major political parties are getting behind the President's announced objective of building defenses of the Western hemisphere "to whatever limits the future may demand."

Pledging for unity in the drive for military security, the President in his nation-wide radio address warned against Trojan Horse treachery within the nation's borders. He pledged that the government would not expect private capital to provide all of the funds necessary.

## Tax

This statement invoked discussion as to how the government intended to foot the necessarily large bill of any such program. A defense-tax movement has been gaining ground in Congress. This is a complete about-face on the subject by the legislators. When the first proposals were made to increase armaments, most members of the Senate and House passed over the matter of providing the money by remarking that the important thing to do was to provide the defenses and worry about paying for them later.

Now the sentiment is that a flat 10 per cent increase in individual and corporate income taxes might be the best way to meet the obligations to be incurred by the billion-dollar program now under full steam.

And as the rising war hysteria spread over the nation it seemed likely that this suggestion would not meet the disapproval such a tax increase would ordinarily encounter. Reading reports of the fierce power of German military might, U. S. citizens may prefer to dig down in their jeans for preparedness than feel home defenses were insecure.

## Commission

A presidential commission of seven, appointed to muster the country's economic resources in connection with the preparedness drive, was announced in Washington. This commission represents a lay "general staff" which will work with government officials and agencies in lining up men, materials and plans for speeding up armament production.

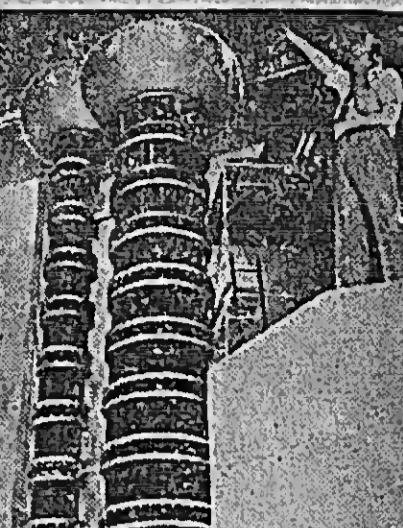

The commission:

Edward R. Stettinius Jr., U. S. Steel company chairman, who will supervise production of raw materials; William S. Knudsen, General Motors production wizard, who will direct his attention to manufacturing problems; Sidney Hillman, Amalgamated Clothing Workers union president, responsible for labor matters; Chester C. Davis, Federal Reserve Board member and former AAA director, who will guide agriculture's course; Ralph Budd, president of the C. P. & Q. railroad, transportation; Leon Henderson, chairman of the Securities Commission, will check on stabilization of wholesale prices; and Miss Harriet Elliott, University of North Carolina, who will guard the consumers' interests.

## Like This

Scheduled to be an important cog in the machinery of defense, the automobile industry was given a tuning up by Secretary of the Treasury Morgenthau on his announcement that the annual policy of introducing new car models may be discontinued after this year. In charge of airplane procurement, he believes it may be necessary to keep assembly lines open for planes. Henry Ford says after six months he can turn out a thousand planes a day if necessary.

## PEEK-OF-THE-WEEK

Here is Lauriston Taylor, physicist of the U. S. Bureau of Standards, directing the placing of the corona cap atop of the world's largest X-ray machine. Capable of generating rays to a power of 1,500,000 volts, it was assembled in the high voltage laboratory of the bureau in Washington, D. C. Its use will set standard for other such machines in hospitals and cancer clinics throughout the country.

## GOOD NEIGHBORS:

## To the South

Not such a "good neighbor" is what many Mexicans are thinking these days of Leon Trotsky, exiled Russian political leader, who has taken up a haven of refuge from his Soviet enemies in Mexico's interior. The recent attempt to assassinate Trotsky has caused at least a few Mexican officials to believe that no good can come from his remaining in their country and they are anxious for him to move on. Trotsky's home is constantly guarded but despite this "protection," Joseph Stalin's arch-rival is not especially loved or admired by some of his "neighbors."

A neighbor further south has been having a bit of trouble with a little uprising of its own. Reports from Panama indicate that the government nipped an alleged plot for a revolution which was scheduled to prevent that country's 1940 presidential election.

An indication that U. S. business was attempting to regain some of its foreign trade lost by the European conflict was evidenced by news that the Moore-McCormack Lines were opening a new shipping service between North and South America on both the Atlantic and Pacific seaboards. In announcing the new shipping routes and ships to be used in the service the company's president, Albert V. Moore, said: "The surface of trade possibilities between the U. S. and South America has only been scratched." This was good news to business men for the commerce department's current trade report shows a \$27,000,000 decline in export trade for last month. Some real "scratching" will be necessary to build up this loss.

## To the North

A career diplomat, Jay P. Moffat was nominated by President Roosevelt to replace James H. Cromwell as U. S. minister to Canada. Moffat, now chief of the western European division of the state department, is not expected to create the flurry that Cromwell did when, as a U. S. representative, he made his now-famous speech expressing a decided sympathy for the British-French cause in their struggle with Hitler.

## SOCIAL SERVICE:

## Trouble

There is no group of persons in the United States that is closer to the nation's vital problems of unemployment, relief, youth movements, etc., than the National Conference of Social Workers. Basic human needs are the social workers stock-in-trade. Meeting in Grand Rapids, Mich., in national convention, that organization discussed, debated and "resolved" these problems in their relationship to the current domestic and international picture.

## MISCELLANY:

Six army flyers were killed in the crash of a Douglas bomber near Mojave, Calif. The crash, which carried the two officers and four crew members to their deaths, occurred in a night trial flight over the army's desert bombing range. Fifty thousand civilian pilots in the U. S. can be trained by the Civil Aeronautics Authority, "without any loss of efficiency and safety," according to an announcement made by that governmental agency.

In Chicago, a 10-day milk strike, in which labor union drivers had refused to make home deliveries pending the outcome of a wage dispute, was ended in a truce.

From the office of the U. S. comptroller of the currency comes news that the assets of the 5,184 active national banks in the United States, Alaska, Hawaii and the Virgin Islands have reached an all-time high—\$35,736,657,000. Bank deposits are also higher now than at any time in the nation's history.

The U. S. civil-service commission ruled that it would refuse to certify for work in any federal agency persons established to belong to the Communist party, the German Bund, "or any other Communists or Nazi organization."

## THIS IS BUICK'S BIGGEST YEAR

## Imagine You—in our all-time best-seller!

Yes—prices begin at \$895 for the business coupe—price of the 4-door sedan illustrated is \$996 delivered at Flint, Mich. \*

YES sir, what you're looking at is the biggest-selling Buick of all time—which, in times like these, is certain proof that here's the best-built Buick of all time.

But why just look at it? Why not try it?

Why not go find out what this car's got that has made more people buy Buick this year than even back in the easy-money days of the twenties?

See what there is about that big, hundred-plus horsepower Dynaflash straight-eight that gets people—what it's like to have plenty room all around and style that has the high-way eyeing you.

You ought to know about the Buick Spring ride—it's not only gentle and easy, but these soft steel coils eliminate a lot of fuss and care about lubrication.

And you ought to have the straight dope about prices—prices that make this Buick the yardstick of up-to-the-minute car values.

This much will give you an idea: Cur-

rent prices begin at \$895 for the business coupe, delivered at Flint, Mich.

\*Transportation based on rail rates, state and local taxes (if any), optional equipment and accessories are to be added.

What the total amounts to is a surprisingly low figure—one your local Buick dealer will be tickled to show you.

\*Prices subject to change without notice.

A seven and one-half pound pickerel was landed by Frank Lux and George Gurl of Antioch on Memorial Day afternoon off Haling's resort at Grass Lake.

Lux and Gurl were fishing for bluegill with a dipper minnow at the time the pickerel struck on Lux's rod, nearly swamped the boat with the 15-minute battle he put up.

Charlie Haling acted as the official weigher after the fish was brought in.

Hank's Rock Lake tavern will hold its second anniversary party Saturday evening. Invitations for the affair were being mailed out yesterday by the proprietor, and he is also issuing a general invitation to all of his friends to be present.

A meeting of the Salem Township Tavern league was held Tuesday evening at Hamilton's Oak Barbecue, highway 83. The organization includes 31 of the 35 taverns in the township. Officers are John Gever, president; Charles Krecmer, vice-president; Fred Meyer, treasurer; Joseph Fox, secretary, and Dominic Gianni, sergeant-at-arms.

"I hear that some of those Antioch croquet players have been doing a little practicing up Sundays at Joe Panowski's home," observes Dick Moran of the Fairway Grill. "They'd better, too, because some of the Wisconsin players from over the line are going to issue a challenge to them one of these days" . . . which seems to be a symptom of the impatience being displayed these days by the heroes of the mallet and wicket as they get ready to swing a few brawny arms in what has turned out to be the manly sport of croquet.

Joe Fox of the Maple Inn on Highway 83 is spending his spare time these days re-painting a duck boat that was charred in a swamp fire . . . assisted by one of his two small sons, who are known as Tom and Jerry . . . Thomas Patrick and Jerome Frederick.

Did you know—that you can see five lakes from the clubhouse lawn at Chain-O-Lakes Country club on Route 59? They are, as identified for visitors by Fred Hawkins, manager and golf professional, Bluff, Spring, Fox and Grays lakes, and Lake Marie . . . Incidentally, the setting for this club, which is 84 feet above the level of the lakes that encircle it, is said to be one of the most beautiful in the country.

Excellent business over the Memorial Day weekend was experienced by resorts and taverns around Antioch, and in the lakes region in general. "I don't know why, but I look forward to a successful season for the lakes area this summer," said Fritz ("The Iceman") Wolf, of Loon Lake. Officers concurred in the belief that the beauty and the many opportunities for recreation offered by the Chain O'

Twenty hungry people came out to Cermak's at Loon Lake (Highway 21), Sunday to try their Bohemian dinners . . . prepared by Mrs. Frank Kindl, who reigns over the kitchen in the Bohemian village at the Century of Progress . . . remember? Several members of the Cermak family spent Monday in Chicago.

Friends of Mr. and Mrs. C. A. Anderson at Anderson's restaurant and tavern, Petite lake, were shocked Monday evening to learn that they had been injured in an automobile accident. Andersons are going ahead, however, with plans for their annual "Season Opening" party, Saturday evening, June 8.

Lakes, "The Playground of Northern Illinois," would meet with much appreciation from vacationists this year.

Swimming, fishing, golf, boating, riding, hiking, bicycling, motoring, dancing and just plain eating and drinking—to say nothing of sitting around the lakes and getting a good sun-tan—are a few of the types of wholesale recreation and relaxation offered around the lakes.

Free moving pictures will be shown at Nielsen's Corners, Route 59 and Grass Lake road, every Thursday evening, commencing tonight.
